HP7R Rechargeable
LED Flashlight - Red

- Long Range Focusing Beam
- 1154' beam distance • 7 Hour runtime
- Flex Charge System • Lifetime Warranty

COS19221
HP7R Rechargeable
Long Range Focusing LED Flashlight

- AC/DC/USB Charging Capabilities
- Long range slide focusing optic (1003') beam distance
- Output ranges of high 201 lumens, high powered strobe, or low 22 lumens
- Includes car mount, speed slip, sheath, and two rechargeable battery packs
- Aluminum casing; rear switch; impact and water resistant
- A second rechargeable battery pack is included, which can be charged outside of the light so you always have one ready.

COS20818
HP3R Rechargeable Focusing Penlight

- Brightest penlight on the market
- Flex charge dual power system; light harnesses either lithium or alkaline power
- Batteries recharge using micro USB, and can be swapped with alkaline when needed
- High and low modes, twist focus, 254 lumens
- Lifetime warranty against defects in materials and workmanship

HP3R Rechargeable
Focusing Penlight

- Beam Optics: Universal, Focusing
- 245 Lumens
- 305' beam distance
- Lifetime Warranty

COS21548
PX250 Dual-Color Focusing Flashlight
with Slide Light

- Features a bright white LED light, solid red, and flashing red light modes
- Flashlight slides apart for use of C.O.B. light
- 650 lumens • Pure beam focusing
- Tested and rated to ANSI/FL1 standards
- Magnetic tail cap • 4 AAA batteries included
- Impact resistant, weather resistant and its LED is virtually unbreakable
- Backed by Coast's lifetime warranty against defects in materials and workmanship

COS20923
HP10R Rechargeable
LED Flashlight

- 1050 Lumens
- Rechargeable with two Lithium Ion battery packs included
- Pure Beam Focusing Technology via slide focus
- Will also run on 4 AAA Batteries (included)
- High/Low settings with beam lock
- USB insert on the battery and tail cap allows for the recharging of the batteries

TECHNOLOGY

BAYNSR-9920XLDC

Bayco® Personal-Size, Rechargeable Dual-Light Flashlight w/Magnet (No AC Power Supply), 650 Lumens

- LED technology – 50,000+ hours
- Flashlight/Floodlight/Dual-Light™
- Momentary or constant-on plus 3 brightness levels & strobe
- Sharp focused flashlight beam
- High-efficiency deep parabolic reflector
- Effective beam distance of 275 meters (over 902')
- Dual-Light (flashlight & floodlight at the same time) for maximum safety & versatility
- Unfocused wide-beam floodlight for close-up illumination
- Glass-filled nylon polymer housing
- Aircraft-grade 6061-T6 aluminum tail-cap and bezel w/Type III hard anodized finish
- Non-slip grip
- Powerful integrated tail cap magnet for hands-free usage
- IP-X7 Waterproof
- Impact & chemical resistant

XTREME LUMENS

BAYUSB-558XL

- Rechargeable up to 1000 times

STL75768

Stinger® LED C4 Upgrade Kit

- C4 LED Upgrade Kit upgrades the 'original' Stinger LEDs with the more powerful C4 LED
- Makes the light 2-3x more bright (original Stinger LED models don't have "C" or "C4" in the serial number.)
- Kit includes facecap assembly, retaining ring, and C4 LED with switch assembly
- Facecap assembly
- C4 LED with switch assembly

STL75952

Stinger LED HL Switch Kit

- Complete switch kit with C4 LED
- Fits the following models: Stinger LED HL and DS HPL (mid-body switch) and Stinger HPL and DS HPL (mid-body switch)
- Genuine Streamlight brand switch kit (replaces mid-body switch including LED)

STL75176

Lithium Ion Stinger Rechargeable Battery

- Rechargeable up to 1,000 times
- Made of the highest quality materials
- Fully Charges in 3 hours
- 3.75 V, 2.0Ah, 7.5Wh
- Compatible with the Stinger Family

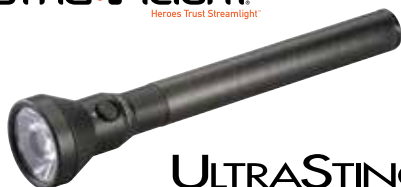

STL75375

Nickel Metal Hydride Battery Stick

- 3 Cell, 3.6 Volt Ni-MH Sub C
- Rechargeable up to 1000 times
- For use with Streamlight Stinger, Stinger XT, Stinger LED/DS, LED/LED, HP/DS LED, HP/LED, HL/DS LED, HL, PolyStinger, PolyStinger LED/DS LED.

FLASHLIGHTS

ULTRAStINGER™

STL77553

UltraStinger LED Flashlight, 1,100 Lumens, 120V AC/12V DC

- Replicates the size, shape, and feel that you loved about the original UltraStinger, and features current LED technology that produces a powerful 1,100 lumens
- Features TEN-TAP® Programming – Choice of three user selectable programs
- Custom, engineered optic produces a narrow beam and optimizes peripheral illumination
- C4® LED technology, impervious to shock with a 50,000 hour lifetime
- 5-cell, 6 Volt Ni-MH sub-C battery, rechargeable up to 1000 times

5 LIGHTS IN ONE

StINGER®

STL76801

Stinger Switchblade® Rechargeable Multi-Function Worklight

- Five lights in one: Drop Light, Hands Free, White Light, Color-Rite Light and UV Light
- Work light features a 180° rotating light bar that aims the beam where you need it
- Double-sided light bar with cool white LEDs on one side, 90 CRI LEDs with Streamlight's color-rite technology and a UV LED on the other
- Ultra thin design fits into tight spaces and features a durable hinge that folds for storage
- Machined aircraft aluminum light bar; replaceable polycarbonate lens with scratch-resistant coating
- Holder and 20V/100V AC cord included

STL76800

Stinger Switchblade® Rechargeable Multi-Function Worklight - USB Only

- Can only be charged with a USB cable

STL88033

PT™ 2AA Ultra Compact Tactical Flashlight with White LED, Batteries and Holster

- Ultra-compact tactical light with super bright C4 LED
- 3 levels of lighting: high, low and strobe function
- Produces up to 120 lumens
- Waterproof up to 1 meter for up to 30 minutes
- Anti-roll cap

This flashlight is impervious to shock. LED has a 50,000 hour lifetime and never needs replaced. Light output: 120 lumens (high); 14 lumens (low). Run times: 11.25 hrs (high); 21 hrs (low); 4 hrs (strobe). Constructed of durable, machined aluminum with multi-function, push-button tactical tailswitch. Matte black. 5.97", 3.4 oz. Includes (2) AA batteries.

HIGH LUMEN

STL88054

ProTac® High Lumen USB Rechargeable Tactical Light with TEN-TAP® Programming

- High lumen tactical light that is USB rechargeable, so you can charge on-the-go using almost any USB source
- Features TEN-TAP® Programming – Choice of three user selectable programs: 1.) high/strobe/low; 2.) high only; 3.) low/medium/high
- The ProTac HL USB produces up to 850 lumens on high, 350 lumens on medium and 85 lumens on low
- Uses Lithium-Ion Battery (P/N 74175); also accepts two 3V CR123A Lithium batteries or a commercially available Lithium-Ion 18650 rechargeable battery
- Includes USB cord, 120V AC/12V DC adapters, removable pocket clip and tear resistant nylon holster

STL66318

MicroStream® Black Penlight with White LED

- Compact, waterproof construction withstands tough work environment
- .5 watt high-flux LED has a 30,000 hour lifetime so it never needs to be replaced - saves user money on bulb replacement costs
- Proprietary Micro Optical System (MOS) for optimized output (super bright beam) and run time

Waterproof construction with an unbreakable polycarbonate lens and pocket clip. Rubber push button tail cap "on-off" switching. Provides up to 20 lumens for up to 1.5 hours. O-ring sealed. 3.5" long; includes (1) AAA alkaline battery.

FLASHLIGHTS

Stylus™

Stylus Pro® Penlight with White LED

- Compact, waterproof, durable construction withstands tough work environments
- LED has a 30,000 hour lifetime never needs to be replaced
- Proprietary Micro Optical System (MOS) for optimized output (super bright beam) and run time
- Shockproof; drop test verified above the industry standard of 6'
- Unbreakable pocketclip and key ring for easy storage/attachment
- Limited lifetime warranty

Stylus™ Pro LED penlight features up to 7.5 hours run time. An internal polymer body liner and shockproof switch housing allow for operation under the most extreme conditions. Also features an unbreakable polycarbonate lens and Type II MIL-SPEC abrasion and corrosion-resistant anodized aircraft aluminum. Includes (2) AAA alkaline batteries and a holster.

FLASHLIGHTS

STL88081

Flashlight ProTac HL 5-X USB

- Tactical flashlight with multi-fuel options
- 3,500 lumens; runs 1.25 hours using 18650 USB batteries (high beam)
- Multi-fuel – uses rechargeable 18650 USB batteries or CR123A lithium batteries, so you'll always have a beam when you need it
- TEN-TAP® programming allows selection of three different operating programs
- Durable, anodized aluminum construction

The 3,500 lumen ProTac HL 5-X is available two ways: The ProTac HL 5-X USB is a complete rechargeable system that includes two of our new 18650 USB batteries with an integrated USB charge port. The ProTac HL 5-X includes two CR123A lithium batteries. Both feature MULTI-FUEL innovation that allows them to accept Streamlight's 18650 USB battery or CR123A lithium batteries, ensuring you'll always have a beam when you need it. Engineered optic produces a concentrated beam with optimum peripheral illumination. IPX7 waterproof to 1 meter for 30 minutes; 1 meter impact resistance tested. Durable, anodized aluminum construction.

TwinTask

STL51038

Twin Task 3AA LED, Clamshell Package

- C4 LED technology for extreme brightness
- IPX4 rated from water resistant operation
- All openings o-ring sealed
- 1 meter impact resistance tested
- Includes a high-strength lanyard

The TT-3AA flashlight features dual lighting modes and the latest in LED technology. The C4 power LED with its textured reflector provides an even beam, along with a piercing hotspot for distance. The three ultra bright LEDs provide area lighting and extended run time. Flashlight features a machined aluminum case with non-slip knurled grip and a matte black anodized finish. Unbreakable polycarbonate lens. Light source is three (3) ultra bright white LEDs with 100,000 hour lifetime. Flashlight features C4 LED technology, impervious to shock with a 50,000 hour lifetime. IPX4 rated for water resistant operation. All openings O-ring sealed. 1 meter impact resistance tested. The Twin-Task 3AA flashlight comes with three (3) AA size alkaline batteries and shines at 100 lumens using C4 LED technology.

STL44945

Super Siege® Rechargeable Scene Light/Work Lantern and Portable USB Charger - Yellow

- Multiple lighting modes - White C4 LED; high, medium and low and 4 Red LEDs preserves night vision
- 1,100 lumens on high and runs for five hours
- Removeable glare guard allows for task lighting
- Removeable polycarbonate cover for 360° light distribution
- Recessed power button prevents accidental actuation Battery level indicator flashes red when battery needs to be recharged
- Portable USB charger

3 Watt 120 Lumen Hands-Free LED Head Lamp

- Powerful 3 watt COB LEDs
- Operating modes: high (100%) - low (50%) - flashing - off
- Adjustable ratcheting headlamp (Color: Red), 180 degrees up/down, for light direction
- 3 "AAA" batteries included
- Covered by a 1-Year Warranty

WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov

HEADLAMPS

STL61304 ProTac® High Lumen Headlamp

- Handsfree light produces up to 540 lumens of light that reaches 172 meters
- Features TEN-TAP™ programming, which allows the user to select one of three different programs
- Three different lighting modes: high (540 Lumens), medium (95 Lumens) and low (18 lumens)
- Solid state power regulation provides maximum light output throughout battery life
- Powered by (2) 3V CR123A lithium batteries (included)

Designed for maximum illumination with a wide beam to light an entire area. 90° tilting head reduces neck fatigue. Durable, anodized aluminum construction; gasket-sealed, glass lens.

STL61305 ProTac HL® USB Headlamp

- Designed for maximum illumination with a wide beam to light an entire area
- Features TEN-TAP® programming, which allows the user to select one of three different programs
- Three lighting modes: High - 1,000 lumens; Medium - 400 lumens; Low for a less intense beam and extended run time: 65 lumens
- Powered by rechargeable lithium ion battery (included); also accepts a Streamlight rechargeable 18650 battery or two CR123 lithium batteries
- Durable, anodized aluminum construction; gasket-sealed, glass lens

STL61306 ProTac HL® USB Headlamp with 120V AC

- Designed for maximum illumination with a wide beam to light an entire area
- Features TEN-TAP® programming
- Three lighting modes: High - 1,000 lumens; Medium - 400 lumens; Low for a less intense beam and extended run time: 65 lumens
- Powered by rechargeable lithium ion battery (included); also accepts a Streamlight rechargeable 18650 battery or two CR123 lithium batteries
- Durable, anodized aluminum construction; gasket-sealed, glass lens

STL61052 Septor LED Yellow Headlamp

- This ultra-bright LED headlamp lets you choose 1, 3 or 7 LEDs.
- Powered by (3) AAA alkaline batteries (included)
- Seven 100,000 hr. life ultra-bright, white LEDs
- 50 lumens typical (7 LEDs), 25 lumens typical (3 LEDs), 9 lumens typical (1 LED) • Runs up to 150 hrs. (single LED)

Adjustable elastic head strap and rubber hard hat strap. Facecap diameter: 1.86". Max width: 2.55". Max depth: 2.53" including head strap and mounting plate. 4.72 oz. 90° tilting head.

TwinTask

STL51063 Twin Task USB Headlamp

- Two lighting modes to cover a variety of tasks: Spot for a focused beam, flood for a soft area illumination
 - Spot - 375 lumens on high; 175 lumens medium; 50 lumens on low
 - Flood - 250 lumens on high; 125 lumens on low
 - Multi-function push button with mode memory
 - Low profile, ergonomically balanced design, contoured battery pack for wearer comfort
- The Twin-Task® USB Headlamp uses the latest in power LED technology. With five lighting levels, the light is up to any task. Includes a USB cord, and elastic head strap.

STL61711 Streamlight Bandit Pro USB Rechargeable Headlamp

- Lightweight at 1.6 ounces
- Runs up to 4.5 hours • High/Low/Emergency Flash modes
- IPX4 weather resistant and 2 meter impact resistance tested
- Clip it to brim of cap

Bandit USB Rechargeable Headlamp

- Lightweight, low-profile USB rechargeable headlamp
- Three output modes: High, low and emergency flash
- High: 180 lumens; runs 2 hours; Low: 35 lumens; runs 9.5 hours
- Emergency flash - flashes on high - 180 lumens
- USB rechargeable lithium polymer battery charges in the light; charges in approx. two hours
- Multi-function push-button switch with charging indicator - shines red while charging, green when charged

- 3000 lumens, 3.8 times the brightness of a 60 watt bulb
- Only draws 24 watts of power
- Adjustable aluminum LED heads
- Operates the newest technology in motion sensing

GEN2200-3026

Saf-T-Lok Mid-Size Power Supply Reel

- Saf-T-Lok locking outlet
- 40' 12/3 retracting cord
- 2' 12/3 power inlet cord with molded NEMA 5-15P plug
- Roller guides at reel mouth
- Steel mounting bracket with locking pin and safety chain

The new Saf-T-Lok Mid-Size Power Supply Reel has a locking receptacle that locks onto all polarized two-prong plugs and grounded three-prong plugs. Never accidentally unplug again!

The Saf-T-Lok Mid-Size Reel comes with roller guides at the mouth of the reel, ensuring smooth payout and take up, even if the cord is being pulled out at an angle. And the new steel mounting bracket, locking pin and safety chain make sure the reel stays securely on the ceiling!

GEN2200-3027

Power Reel Mid Size

- 15-Amp receptacle is booted for protection
- 40' 12/3 retracting cord
- 27" 12/3 power inlet cord with molded NEMA 5-15P plug
- Steel mounting hardware with locking pin and safety chain
- Final assembled in USA

The Saf-T-Lite® Mid Size Reel is designed to be portable or mounted permanently in place. Simply pull the locking pin and the reel is disengaged from the mounting hardware. Feet on the sides of the reel allow user to set the reel down on the ground. The industrial grade plastic reel housing is made to be portable.
